SOUTHERN ILLINOIS UNIVERSITY

SENIOR VICE PRESIDENT FOR FINANCIAL & ADMINISTRATIVE AFFAIRS AND BOARD TREASURER  
STONE CENTER - MAIL CODE 6801 / 1400 DOUGLAS DRIVE / CARBONDALE, ILLINOIS 62901

December 22, 2014

TO THE BONDHOLDERS AND TO THE BOARD OF TRUSTEES  
OF SOUTHERN ILLINOIS UNIVERSITY

I am pleased to submit the annual Treasurer's Report to the Bondholders for the Southern Illinois University Medical Facilities System for the fiscal years ended June 30, 2014, and 2013.

A calculation of debt service coverage is included. The system exceeds the coverage required by the bond resolution.

We invite your inquiries on any matter relating to the bonds or to the report.

Respectfully submitted,

A handwritten signature in cursive script that reads "Duane Stucky".

Duane Stucky  
Board Treasurer

DS/lap

## TREASURER'S COMMENTS

### SOUTHERN ILLINOIS UNIVERSITY MEDICAL FACILITIES SYSTEM

#### I. SOUTHERN ILLINOIS UNIVERSITY REVENUE BOND OPERATIONS

##### FACILITIES

The facilities included in the Southern Illinois University Medical Facilities System (the "System") were acquired in three phases. The first phase coincided with the creation of the system in connection with issuance of the Series 1997 bonds, in the amount of \$16,855,000, pursuant to a resolution of the Board of Trustees (the "Board") adopted on October 10, 1996.

The primary purpose of issuing the Series 1997 Bonds was to purchase the Richard H. Moy, M.D. Building, formerly known as the SIU Clinics Building, located at 751 N. Rutledge, Springfield, Illinois. The building is a four-story, clinical teaching facility containing 106,904 gross square feet. It is connected by skyways to Memorial Medical Center, an independently owned, tertiary hospital and to the University-owned Medical Instructional Facility. Further, it is connected to a four-story parking garage and a physician office building owned by the Memorial Health Systems.

The Richard H. Moy, M.D. Building was completed and occupied by the University in May 1993. The building now houses outpatient clinics for the department of Internal Medicine and for Fertility and In Vitro Fertilization, offices and outpatient clinics for the Memory and Aging Center, Dermatology, Endocrinology, and the department of Neurology. Space is also included in the building for a medical records unit. The design of the Richard H. Moy, M.D. Building includes an allowance in the foundation and other component service areas for the addition of three more stories to the building. Each story would approximate an additional 22,000 square feet. No current plans exist for such expansion.

The second phase expanded the System to include the construction and equipping of the Simmons Cancer Institute, a 60,000 square foot multi-story building in Springfield, Illinois that includes space for clinical care and cancer treatment, patient supportive care, education and support services, research, program outreach and coordination. The funds for construction of the building were provided from \$14,500,000 of state appropriations, \$1,000,000 from a state grant and revenue bonds proceeds and related interest earnings totaling \$7,000,000. The bond proceeds were obtained through the issuance of the Southern Illinois University Medical Facilities System Revenue Bonds, Series 2005 totaling \$21,290,000, which were used to advance refund the existing Medical Facilities System Revenue Bonds, Series 1997 as described in the next section and complete construction of the building.

The third phase expanded the system to include the purchase and renovation of property located at 401 N. Walnut in Springfield. This space is being used by clinic billing unit staff.

On June 30, 2014, the School of Medicine Medical Facilities System owned or occupied nineteen locations where clinics and/or clinical faculty and/or clinical administration were housed. Owned by the University are the Richard H. Moy, M.D. Building, 401 N. Walnut, and the Simmons Cancer Institute. The sixteen remaining locations are leased by the University using revenues generated by the clinical practice of medicine. Eleven of the leased facilities are in Springfield, Illinois and the remaining five are located elsewhere in Illinois.

##### ADVANCED REFUNDING

During fiscal year 2005, the debt related to the acquisition of the original system facility was advance refunded without extending the final maturity date. The refunding was undertaken by the Board of Trustees ("the Board") for the purpose of affecting a cost savings.

The proceeds of the bonds issued in the refunding were used to purchase U.S. Government securities in amounts which, together with the earnings thereon, were sufficient to pay, on their redemption date of April 1, 2007, the interest, and principal of the refunded bonds.

**TREASURER'S COMMENTS – Continued**

**II. ENROLLMENTS AT SOUTHERN ILLINOIS UNIVERSITY**

The University reported the following enrollment for the School of Medicine:

	<u>Head Count</u>
Fall semester 2013	288
Fall semester 2012	301

All students are enrolled full time. The first year is spent in Carbondale with a core curriculum of basic science courses. The remaining three years are spent at the Springfield campus. Beginning with Summer semester 2012 the Physician's Assistant program was moved to the School of Medicine. The Fall semester 2013 (2012) enrollment including the Physician's Assistant program was 353 (363).

**III. DEBT SERVICE COVERAGE**

The bond resolution requires that debt service coverage (net revenues plus pledged tuition) be at least 200% (2.00 times) of annual debt service and that net revenues shall be at least 100% (1.00 times) of the annual debt service requirement in each fiscal year. The debt service coverage is calculated at the end of the year using cash basis data obtained from the Statement of Cash Flows. Debt service coverage for the System, as defined by the bond resolution and based on actual pledged tuition, has been calculated as follows:

	<u>Year Ended June 30</u>	
	<u>2014</u>	<u>2013</u>
Receipts:		
Revenue Account:		
Operations	\$ 41,340,036	\$ 42,590,468
Investment Income	4,700	2,849
Retirement of Indebtedness – Investment Income	<u>690</u>	<u>1,249</u>
	41,345,426	42,594,566
Disbursements:		
Operation & Maintenance Account	<u>39,373,283</u>	<u>40,409,355</u>
Net Revenues	1,972,143	2,185,211
Plus: Pledged Tuition	<u>132,429,265</u>	<u>142,432,232</u>
Total Available for Debt Service	<u>\$134,401,408</u>	<u>\$144,617,443</u>
Annual Debt Service	<u>\$ 1,765,250</u>	<u>\$ 1,742,500</u>
Maximum Annual Debt Service	<u>\$ 1,985,750</u>	<u>\$ 1,985,750</u>
Coverage Ratio Based on Net Revenues	1.12	1.25
Coverage Ratio Based on Annual Debt Service	76.14	82.99
Coverage Ratio Based on Maximum Annual Debt Service	67.68	72.83

**IV. RETIREMENT OF INDEBTEDNESS**

Net position is restricted for the following purposes:

	<u>June 30</u>	
	<u>2014</u>	<u>2013 (restated)</u>
Bond and Interest Sinking Fund Account	\$326,091	\$313,244

**V. RENEWALS AND REPLACEMENTS**

The bond resolution requires the Treasurer to credit funds remaining in the Revenue Fund into a separate and special account designated the Medical Facilities System Repair and Replacement Reserve Account on or before the close of each Fiscal Year the sum of, not less than 10% of the Maximum Annual Debt Service, or such portion thereof as is available for transfer and deposit annually for a repair and replacement reserve. The maximum amount which may be credited in such account shall not exceed 5% of the replacement cost of the

**TREASURER'S COMMENTS – Continued**

facilities constituting the System, as determined by the then current Engineering News Record Building Cost Index (or comparable index) plus 20% of the book value of the movable equipment within the System. All moneys and investments so credited to said Account will be used and held for use to pay the cost of unusual or extraordinary maintenance or repairs, renewals, renovations, and replacements, and renovating or replacement of the furniture and equipment not paid as part of the ordinary maintenance and operation of the System.

In the event the moneys in the Bond and Interest Sinking Fund Account are reduced at any time below the amounts required to be on deposit therein, then the funds so credited to the Repair and Replacement Reserve Account may, at the discretion of the Board, be transferred for deposit in the Bond and Interest Sinking Fund Account to the extent required to eliminate the deficiency in such Account and to restore such sums as may be necessary for that purpose, and all moneys so transferred will thereafter be replaced by a resumption of the specified credits into the Repair and Replacement Reserve Account.

Moneys or investments to the credit of such Account are not pledged as security for the payment of the Bonds, but may be used to pay for the payment of Bonds when all Bonds are so paid or provided for.

Additions during the year included transfers from unrestricted net position of \$198,575 (\$198,575 in 2013), interest earned on investments of \$9,463 (interest of \$14,157 in 2013) and no nonoperating revenue (\$0 in 2013).

There were expenditures in the amount of \$690,943 charged to the reserve (\$44,123 in 2013). The restricted net position of Renewals and Replacements consisted of the following:

	June 30	
	2014	2013
Cash	\$ 1,241,649	\$ 1,447,577
Accrued interest receivable	434	228
Accounts payable	<u>(277,183)</u>	<u>-</u>
	<u>\$ 964,900</u>	<u>\$ 1,447,805</u>

**VI. SCHEDULE OF BONDS PAYABLE OUTSTANDING**

A Schedule of Bonds Payable Outstanding is shown as supplementary information and lists the amount of Medical Facilities System Revenue Bonds, Series 2005 issued and outstanding as of June 30, 2014.

**VII. RESTRICTED NET POSITION - EXPENDABLE**

Restricted net position as of June 30, 2014 and 2013 are comprised of the following:

	June 30	
	2014	2013 (restated)
Retirement of indebtedness	\$ 326,091	\$ 313,244
Renewals and replacements	<u>964,900</u>	<u>1,447,805</u>
	<u>\$ 1,290,991</u>	<u>\$ 1,761,049</u>

## FINANCIAL STATEMENT REPORT

### SUMMARY

The audit of the accompanying basic financial statements of Southern Illinois University Medical Facilities System was conducted by CliftonLarsonAllen LLP.

Based on their audit, the auditors expressed an unmodified opinion on the System's basic financial statements.

## INDEPENDENT AUDITORS' REPORT

Honorable William G. Holland  
Auditor General, State of Illinois  
and  
Board of Trustees  
Southern Illinois University

### Report on the Financial Statements

As Special Assistant Auditors for the Auditor General, we have audited the accompanying financial statements of the business-type activities of the Southern Illinois University Medical Facilities System ("the System") as of and for the years ended June 30, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the System's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities for the System as of June 30, 2014 and 2013, and the respective changes in financial position and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

## **Emphasis of Matter**

As discussed in Note 1 to the financial statements, in 2014 the University adopted new accounting guidance, GASB Statement No. 65, Items Previously Reported as Assets and Liabilities. Our opinion is not modified with respect to this matter.

As discussed in note 1A, the financial statements of the System are intended to present the financial position, the changes in financial position, and cash flows of only that portion of the business-type activities of Southern Illinois University that is attributable to the transactions of the System. They do not purport to, and do not, present fairly the financial position of Southern Illinois University as of June 30, 2014 and 2013, and its changes in financial position and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### *Other Information*

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the System's basic financial statements. The accompanying Schedule of Bonds Payable Outstanding is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The Schedule of Bonds Payable Outstanding is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Bonds Payable Outstanding is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Treasurer's Comments on pages 2-4 have not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

In connection with our audits, nothing came to our attention that caused us to believe that the System was not in compliance with any of the fund accounting covenants of the Board of Trustees of Southern Illinois University, which provided for the issuance of the Southern Illinois University Medical Facilities System Revenue Bonds Series 2005, adopted October 13, 2005 insofar as they related to accounting matters. However, our audits were not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the System's noncompliance with the above-referenced terms, covenants, provisions, or conditions of the Resolution of the Board of Trustees of Southern Illinois University, insofar as they relate to accounting matters.

#### **Restricted Use Relating to the Other Matter**

The purpose of the communication related to compliance with the aforementioned Resolution of the Board of Trustees of Southern Illinois University described in the Other Matter paragraph is intended solely to describe the scope of our testing of compliance and the results of that testing. This communication is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the System's compliance. Accordingly, this communication is not suitable for any other purpose.

#### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report under separate cover dated December 22, 2014, on our consideration of the System's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the System's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS  
June 30, 2014 and 2013**

**1. Significant Accounting Policies**

**(A) Basis of Presentation**

These financial statements have been prepared to satisfy the requirements of the Southern Illinois University Medical Facilities System ("System") Revenue Bonds master resolution. The financial balances and activities of the System, included in these financial statements, are included in the University's financial statements. The System is not a separate legal entity.

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB), including Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*. Additionally, the System has adopted GASB Statement No. 37, *Basic Financial Statements – and Management Discussion and Analysis – for State and Local Governments: Omnibus*, and GASB Statement No. 38, *Certain Financial Statement Note Disclosures*. The System follows the business-type activity reporting requirements of GASB Statement Nos. 35, 37 and 38 that provide a comprehensive, entity-wide perspective of the System's financial activities and replaces the fund group presentations previously required. Effective July 1, 2004, the System adopted GASB Statement No. 40, *Deposit and Investment Risk Disclosures*. The objective of this statement is to update the custodial credit risk disclosure requirements and to establish more comprehensive disclosure requirements addressing the common risks of deposits and investments. Effective July 1, 2007, the System adopted GASB Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues*. The System has disclosed pledged revenues in Note 6 to the financial statements. Effective July 1, 2012, the System adopted GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. GASB Statement No. 63 identifies net position, rather than net assets, as the residual of all other elements presented in a statement of financial position. Effective July 1, 2013, the System adopted GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*. This Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. Incorporating GASB Statement No. 65 in the System's 2014 financial statements resulted in the presentation of the deferred loss on refunding, previously reported as a reduction of revenue bonds payable, as a deferred outflow on the Statement of Net Position. It also resulted in the expensing of the unamortized non-insurance components of the bond issuance costs, which were previously reported as prepaid expenses. This change resulted in a (\$147,283) adjustment to fiscal year 2013 beginning net position. Comparative totals for 2013 have been restated to reflect these changes.

For financial reporting purposes, the System is considered a special-purpose government engaged only in business-type activities. Accordingly, the System's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting applicable to state colleges and universities. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation to pay has been incurred.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities; the disclosure of contingent assets and liabilities at the date of the financial statements; and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**(B) Compensated Absences**

Accrued compensated absences for University personnel are charged to current funds based on earned but unused vacation and sick leave days including the University's share of Social Security and Medicare taxes.

**(C) Buildings, Improvements and Equipment**

Buildings, improvements and equipment are recorded at cost less accumulated depreciation. The System's capitalization policy for capital assets is as follows: buildings with an acquisition cost of \$100,000 or greater, site or building improvements of \$25,000 or greater; and equipment items \$5,000 or greater.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 40 years for buildings, 15 years for site or building improvements, 5 years for vehicles and electronic data processing equipment, and 7 years for other equipment. Land is not depreciated. The "following-month" prorate convention is used, in which no depreciation is recorded in the month of acquisition and an entire month of depreciation is recorded in the month of disposition.

**SOUTHERN ILLINOIS UNIVERSITY  
MEDICAL FACILITIES SYSTEM  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2014 and 2013**

**(D) Revenues and Expenses**

The System has classified its revenues and expenses as either operating or nonoperating. Operating revenues and expenses include activities that have characteristics of exchange transactions, such as sales and services. Nonoperating revenues and expenses include activities that have characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities that Use Proprietary Fund Accounting*, and GASB Statement No. 34 *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. Other nonoperating revenues and expenses include transactions relating to capital and financing activities, noncapital financing activities, and investing activities. The System first applies restricted net position when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

**(E) Cash and Cash Equivalents**

Cash and cash equivalents include bank accounts and investments with original maturities of 90 days or less at the time of purchase, primarily U.S. Treasury Bills and money market funds.

**(F) Investments**

Investments are reported at fair value. The investments, which consist of U.S. Treasury notes, are held in the University's name by its agent.

**(G) Allowance for Uncollectibles**

The System does not report an allowance for uncollectibles. As the accounts receivable amount represents actual collections as of June 30 that have not yet been transferred from the SIU HealthCare agency account to the System revenue accounts. The funds have been collected and therefore no allowance for uncollectible accounts is reported.

**(H) Bond Issuance Costs**

The bond issuance insurance costs are included in prepaid expenses and other assets and are amortized on a straight line basis over the life of the bonds.

**(I) On-Behalf Payments**

In accordance with GASB Statement No. 24, *Accounting and Financial Reporting for Certain Grants and Other Financial Assistance*, the System reported on-behalf payments made by agencies of the State of Illinois for health care and retirement. These costs are reflected in an equal amount in both the revenues and expenses of the System. On-behalf payments amounted to \$22,560,678 for the year ended June 30, 2014, and \$22,699,375 for the year ended June 30, 2013. Substantially all employees of the System participate in the State Universities Retirement System of Illinois (SURS).

**(J) Classifications of Net Position**

Net position represents the difference between System assets and deferred outflows and liabilities and deferred inflows and is divided into three major categories. The first category, Net investment in capital assets, represents the System's equity in property, plant and equipment. The next category is restricted. Expendable restricted net position is available for expenditure by the System but must be spent for purposes as determined by donors or other external entities that have placed time or purpose restrictions on its use. The final category is unrestricted, which represents balances from operational activities that have not been restricted by parties external to the System and are available for use by the System.

**2. Pooled Cash and Investments**

It is University policy to invest funds in a manner which will provide investment returns and security consistent with good business practices, while meeting the daily cash flow demands of the University and conforming to all statutes governing the investments of funds. Funds are invested in accordance with the provisions of the Illinois Compiled Statutes, Chapter 30, Sections 235/0.01-235/8, the *Public Funds Investment Act*; the policies of the Board; and covenants provided from the University's bond and certificate of participation issuance activities. The University's Investment Policy authorizes the University to invest in securities of the United States of America, its agencies, and its instrumentalities; interest bearing savings accounts, certificates of deposit, interest bearing time deposits, and other direct obligations of any bank defined in the Illinois Banking Act; certain short term obligations of U.S. corporations rated in the highest three rating classifications by at least two standard rating services provided such obligations do not mature in longer than 270 days from the time of purchase and the issuing entity has at least \$500 million in assets (limited to 33 percent of the portfolio); money market mutual funds provided they are comprised of only U.S. Treasuries, agencies and instrumentalities; Public Treasurer's Investment Pool-State Treasurer's Office; repurchase agreements of Government securities; and other specifically defined repurchase agreements.

**SOUTHERN ILLINOIS UNIVERSITY  
MEDICAL FACILITIES SYSTEM  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2014 and 2013**

The three basic objectives of the University's Investment policy are safety of invested funds; maintenance of sufficient liquidity to meet cash flow needs; and attainment of the maximum investment returns possible consistent with the first two objectives. The University insures the safety of its invested funds by limiting credit and interest rate risks. The University's portfolio is structured to ensure that cash is available to meet anticipated demands. Additionally, since all possible cash demands cannot be anticipated, the portfolio consists largely of securities with active secondary or resale markets. The investment returns on the University's portfolio is a priority after the safety and liquidity objectives have been met. Investments are limited to relatively low risk securities in anticipation of earning a fair return relative to the risk being assumed.

The University has pooled certain cash and investments for the purpose of securing a greater return on investment and providing a more equitable distribution of investment return. Pooled investments, which consist principally of government securities, are stated at market. Income is distributed quarterly based upon average balances invested in the pool over the prior 13 week period. There are no investments in foreign currency. It is not feasible to separately determine the System's bank balance at June 30, 2014 or June 30, 2013, due to the pooling of the University's cash and investments.

*Credit risk:* Credit risk is the risk of loss due to the failure of the security issuer or backer to meet promised interest or principal payments on required dates. Credit risk is mitigated by limiting investments to those specified in the *Illinois Public Funds Investment Act*; which prohibits investment in corporate bonds with maturity dates longer than 270 days from the date of purchase; pre-qualifying the financial institutions which are utilized; and diversifying the investment portfolio so that the failure of any one issuer or backer will not place an undue financial burden on the University. U.S. Treasuries are federal government securities that do not require the disclosure of credit risk. The Public Treasurer's Investment Pool is rated AAA.

*Concentration of credit risk:* The University's investment policy states that the portfolio should consist of a mix of various types of securities, issues and maturities. While the fund's asset allocation strategy provides diversification by fixed income sector, each portfolio within the sector is also broadly diversified by security type, issue and maturity.

*Custodial credit risk:* Custodial credit risk is the risk that when, in the event a financial institution or counterparty fails, the University would not be able to recover the value of deposits, investments or collateral securities that are in the possession of an outside party. All of the University's investments are held in the University's name and are not subject to creditors of the custodial institution.

*Interest rate risk:* Interest rate risk is the risk that the market value of portfolio securities will fall or rise due to changes in general interest rates. Interest rate risk is mitigated by maintaining significant balances in cash equivalents and other short maturity investments and by establishing an asset allocation policy that is consistent with the expected cash flows of the University. The internally managed portfolio is managed in accordance with covenants provided from the University's debt issuance activities. The externally managed portfolio is typically allocated with a minimum of \$40 million held in cash equivalents and \$65 to \$115 million held in the intermediate-term portfolio. However, circumstances may occur that cause the allocations to temporarily fall outside the prescribed ranges.

*Foreign currency risk:* The University does not hold any foreign investments.

**SOUTHERN ILLINOIS UNIVERSITY  
MEDICAL FACILITIES SYSTEM  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2014 and 2013**

Interest rate risk is disclosed below using the segmented time distribution method. As of June 30, 2014 and 2013, the System had the following cash and investment balances:

		<b>AS OF JUNE 30, 2014</b>			
<b>Investment Type</b>	<b>Fair Value</b>	<b>Investment Maturities (in Years)</b>			
		<b>Less Than 1</b>	<b>1-5</b>	<b>6-10</b>	<b>More than 10</b>
U.S. Treasuries	\$ 447,210	\$ 447,210	\$ -	\$ -	\$ -

<b>Total Cash &amp; Equivalents</b>	<u>4,020,286</u>				
 <b>Total Cash &amp; Investments</b>	 <u>\$ 4,460,321</u>				

**3. Investments and Investment Income**

Southern Illinois University has adopted the provisions of GASB Statement No. 31 *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. This statement establishes accounting and reporting standards for certain investments and securities and establishes disclosure requirements for most investments held by governmental entities. It requires that investments be recorded at fair (market) value and that unrealized gains and losses be recorded in income. The fair value is determined to be the amount at which financial instruments could be exchanged in a current transaction between willing parties, usually quoted market price. The investment with the Public Treasurer's Investment Pool (The Illinois Funds) is at fair value, which is the same value as the pool shares. State statutes require the Illinois Funds to comply with the *Illinois Public Funds Investment Act* (30 ILCS 235). Also, certain money market investments, having a remaining maturity of one year or less at the time of purchase and nonnegotiable certificates of deposit with redemption terms that do not consider market rates, are carried at amortized cost.

The calculation of realized gains is independent of the calculation of the net increase in the fair value of investments. Realized gains and losses of investments that had been held in more than one fiscal year and sold in the current year may have been recognized as an increase or decrease in the fair value of investments reported in the prior year. Investment income for the fiscal years ended June 30, 2014 and 2013 is comprised of the following:

	<u>2014</u>	<u>2013</u>
Interest Income	\$ 14,965	\$17,718
Increase in Fair Market Value	<u>13</u>	<u>53</u>
<b>Net Investment Income</b>	<u>\$ 14,978</u>	<u>\$17,771</u>

NOTES TO FINANCIAL STATEMENTS  
June 30, 2014 and 2013**

**5. Changes in Liabilities**

Liability activity for the years ended June 30, 2014 and 2013 was as follows:

	<u>2014</u>				
	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Current Portion</u>
Revenue bonds payable	\$ 15,734,004	\$ -	\$ 1,064,302	\$ 14,669,702	\$1,131,775
Compensated absences	<u>2,142,387</u>	<u>180,832</u>	<u>230,450</u>	<u>2,092,769</u>	<u>252,995</u>
Total	<u>\$ 17,876,391</u>	<u>\$ 180,832</u>	<u>\$ 1,294,752</u>	<u>\$ 16,762,471</u>	<u>\$1,384,770</u>

  

	<u>2013 (Restated)</u>				
	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Current Portion</u>
Revenue bonds payable	\$ 16,034,968	\$ -	\$ 300,964	\$ 15,734,004	\$1,064,302
Compensated absences	<u>2,165,868</u>	<u>196,358</u>	<u>219,839</u>	<u>2,142,387</u>	<u>243,311</u>
Total	<u>\$ 18,200,836</u>	<u>\$ 196,358</u>	<u>\$ 520,803</u>	<u>\$ 17,876,391</u>	<u>\$1,307,613</u>

Amounts shown as ending balance include both current and long-term portions

**6. Revenue Bonds Payable**

On October 10, 1996, the Board authorized the creation of the Southern Illinois University Medical Facilities System and the sale of Medical Facilities System Revenue Bonds. The Series 1997 Bonds were issued on March 27, 1997 in the amount of \$16,855,000 for the purpose of acquiring the SIU Clinics Building, an existing facility, located at 751 North Rutledge, Springfield, Illinois. These bonds were sold at a discount of \$94,059.

On October 13, 2005, the Board adopted the "Medical Facilities System Revenue Bonds Series 2005" resolution which amended and restated the original resolution of October 10, 1996. The Board also authorized the issuance of the Medical Facilities System Revenue Bonds Series 2005. The bonds were issued as current interest bonds in the amount of \$21,290,000 and included accrued interest of \$41,314. The bonds were sold on November 15, 2005 at the premium of \$806,296 and used as follows:

- a. Bond proceeds of \$14,699,511 and Board funds of \$1,069,888 from the System were deposited in the bond escrow account in either cash or U.S. Government securities which, together with the interest earned thereon is used to finance the advance refunding of the Boards Series 1997 bonds.  
The advance refunding, which was undertaken by the Board to affect a cost savings, resulted in a net decrease in debt service payments of \$3,153,133 and an economic gain of \$1,146,547. The accounting loss on the refunding was \$1,185,421.
- b. Bond proceeds of \$6,783,042 were deposited in an Unexpended Plant account to finance the costs of constructing and equipping a new Cancer Institute building on the Springfield campus.
- c. Bond proceeds of \$315,726 were provided for the payment of capitalized interest through October 1, 2006 and accrued interest payable.
- d. Bond proceeds of \$339,331 were reserved to pay the underwriter's fees and certain other costs related to the issuance of the bonds.

The current bonds bear interest at rates ranging from 4.25% to 5.00% payable semi-annually and principal installments ranging from \$480,000 to \$1,825,000 are payable annually April 1 through the year 2026.

Bonds maturing after April 1, 2016 are subject to redemption at the option of the Board, on or after April 1, 2015, in whole or in part at any time, and if in part, from such maturities as determined by the Board and within any maturity by lot, at a price of 100% of the principal amount of the Series 2005 Bonds to be redeemed, plus accrued interest to the date fixed for redemption.

<u>Year Ending June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2015	1,085,000	707,112	1,792,112
2016	1,155,000	661,000	1,816,000
2017	1,240,000	603,250	1,843,250
2018	1,330,000	541,250	1,871,250
2019	1,425,000	474,750	1,899,750
2020-2024	7,200,000	1,202,750	8,402,750
2025-2026	<u>1,020,000</u>	<u>69,300</u>	<u>1,089,300</u>
Total Payments	<u>\$ 14,455,000</u>	<u>\$ 4,259,412</u>	<u>\$18,714,412</u>
Unamortized debt premium	<u>214,702</u>		
Total Bonds Payable	<u>\$ 14,669,702</u>		

**SOUTHERN ILLINOIS UNIVERSITY  
MEDICAL FACILITIES SYSTEM  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2014 and 2013**

These bonds, which are payable through 2026, do not constitute a debt of the State of Illinois or the individual members, officers or agents of the Board of Trustees of the University but, together with interest thereon, are payable from and secured by a pledge of and lien on (i) the net revenues of the System, (ii) pledged tuition (subject to prior payment of necessary operating and maintenance expenses of the Housing and Auxiliary Facilities System, debt service of the Housing and Auxiliary Facilities System not to exceed the maximum annual debt service, and then necessary operating and maintenance expenses of the System), and (iii) the Bond and Interest Sinking Fund Account. Total principal and interest remaining on the debt is \$18,714,412 with annual requirements ranging from \$543,400 to \$1,985,750. For the current year, principal and interest paid was \$1,765,250, and the total revenues pledged were \$134,401,408. Total revenue pledged represents 100 percent of the net revenues of the System in fiscal years 2014 and 2013 and 83.1 percent of net tuition revenue received in fiscal year 2014 and 84.1 percent of net tuition revenue received in fiscal year 2013. Although net tuition is pledged it is not expected to be needed to meet debt service requirements.

All of the Series 1997 bonds referred to above were called for redemption and payment prior to their maturity on April 1, 2007 at a redemption price of 102% of the principal.

**7. Related Party Transactions**

Expenditures capitalized include \$217,567 paid for by other University funds in fiscal year 2014 and \$168,097 in fiscal year 2013. The expenditures were for the purchase of equipment to be utilized in the various Medical Facilities System facilities. In addition, \$115,842 was received from other University funds in both fiscal year 2014 and fiscal year 2013 and used for payment of debt.

**8. Retirement and Post-Employment Benefits**

Substantially all employees of the System participate in the State Universities Retirement System of Illinois (SURS), which offers a cost-sharing multiple-employer defined benefit pension plan as well as a defined contribution plan. These plans have a special funding situation whereby the State of Illinois makes substantially all actuarially determined required contributions on behalf of the participating employers. SURS was established July 21, 1941 to provide retirement annuities and other benefits for staff members and employees of state universities, certain affiliated organizations, and certain other state educational and scientific agencies and for survivors, dependents, and other beneficiaries of such employees. SURS is considered a component unit of the State of Illinois' financial reporting entity and is included in the state's financial reports as a pension trust fund. SURS is governed by Section 5/15, Chapter 40, of the *Illinois Compiled Statutes*. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the website at [www.SURS.org](http://www.SURS.org) or calling 1-800-275-7877.

Plan members are required to contribute 8% of their annual covered salary, and substantially all employer contributions are made by the State of Illinois on behalf of the individual employers at an actuarially determined rate. The current rate for fiscal year 2014 is 35.20% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the Illinois General Assembly. The employer contributions to SURS for the University for the years ended June 30, 2014, 2013, and 2012 were \$149,491,589, \$139,770,149, and \$102,861,965, respectively, equal to the required contributions for the year. The fiscal year 2014 contribution consisted of \$146,697,808 from State appropriations and \$2,793,781 from other current funds, and the fiscal year 2013 contribution consisted of \$136,823,379 from State appropriations and \$2,946,770 from other current funds.

In addition to providing the above pension benefits, the State provides health, dental, vision, and life insurance benefits for retirees and their dependents in a program administered by the Department of Central Management Services. Substantially all State employees, including the System's employees, become eligible for post-employment benefits if they eventually become annuitants of one of the State sponsored plans. Health, dental, and vision benefits include basic benefits for annuitants and dependents under the State's self-insurance plan and insurance contracts currently in force. The health, dental, and vision benefits provided to and contribution amounts required from annuitants are the result of collective bargaining between the State and various unions that represent the State's and University's employees. Annuitants receive life insurance coverage equal to the annual salary of the last day of employment until age 60, at which time the benefit becomes \$5,000.

The State pays the System's portion of employer costs for the benefits provided. The total costs of the State's portion of health, dental, vision, and life insurance benefits of all members, including post-employment health, dental, vision, and life insurance benefits, is recognized as an expenditure by the State in the Illinois Comprehensive Annual Financial Report. The State finances the costs on a pay-as-you-go basis. The total costs incurred for health, dental, vision, and life insurance benefits are not separated by department or component unit for annuitants and their dependents nor active employees and their dependents. A summary of post-employment benefit provisions, changes in benefit provisions, employee eligibility requirements including eligibility for vesting, and the authority under which benefit provisions are established are included as an integral part of the financial statements of the Department of Central Management Services. A copy of the financial statements of the Department of Central Management Services may be obtained by writing to the Department of Central Management Services, 401 S. Spring Street, Springfield, Illinois, 62706.

**9. Operating leases**

The System leases clinical and office space under contracts, some of which are renewable annually and others for multiple years with renewal options at the end of the initial lease period. Many of the renewals are subject to escalation upon proper notice by the lessor. Rental payments on these operating leases totaled \$4,905,610 in 2014 and \$4,910,660 in 2013 and are included in contractual services on the Statement of Revenues, Expenses and Changes in Net Position. Leases extending beyond 2014 have future payments of \$3,489,513 in 2015, \$3,385,350 in 2016, \$3,208,518 in 2017, and \$1,184,687 in 2018. There are no leases as of June 30, 2014 with future payments beyond 2018.
